NEW PRODUCT

TANKFRESH

An odourless wastewater system is now possible!

TankFresh is a concentrate of completely organic bacteria that break down faeces in the wastewater system without emitting any odour. Unlike other (chemical) products that often mask the smell, TankFresh influences the natural bacteria level in the tank over a long period of time. Developers at VETUS have shown through extensive testing, that a well-designed wastewater system using TankFresh can function virtually without odour.

TankFresh in brief:

- Powerful concentrate in a convenient 500 ml dosage bottle
- One bottle is sufficient to banish odours for an entire boating season
- Completely organic, so only nature's own ingredients
- Proven reduction of odours in the tank
- Includes a guide to an odourless wastewater system!

TankFresh test setup and result:

Result after several months:

About VETUS

Developing innovative systems for your boat is truly what VETUS is about. VETUS invents and develops systems consisting of a wide range of products to keep your boat in an excellent technical condition. For almost 50 years VETUS has been one of the world's leading companies when it comes to innovative products for pleasure craft and small commercial vessels. Not for nothing is the VETUS catalogue regularly consulted by the engineers and designers from leading yacht builders and used as educational material in marine training establishments.

3 year warranty, unique in the market!

All VETUS boat equipment products come with a 3 year warranty. Because of our long experience, careful choice of materials and stringent quality controls, we have the confidence to offer this warranty. For advice, installation and service you can always rely on our worldwide network of VETUS dealers.
